Hello,

My name is Lori Christensen and I am from Hale Ray Middle school. We had a performance of "screaming with pleasure" Monday, April 24th. I would like to share with you how much we enjoyed this show. At first we thought that it might not go over big but when it started it just rolled on and on and on. We enjoyed every minute of this show. The school staff and PTO were very happy with this performance. Bill is an interesting and energetic person and he responded to the kids before the performance. I would recommend this program to any school and we look forward to have a repeat performance. I just wanted to say a special thanks to bill for doing Important work that can make a difference and I wish him good luck and keep on juggling.

Thank you,
LORI CHRISTENSEN
