Dear Bill,

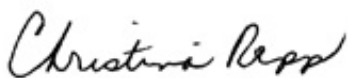

We at John Jay Middle School are writing to you to thank you for yet another fabulous performance. Your appearance in May marked the third of it's kind at our school. In the years in which we have been arranging alcohol and other drug information assemblies, we have always sought that specific blend of education, and entertainment. You have expertly been able to accomplish that and have become a favorite of our staff and students.

After every one of your performances, students and staff alike comment on how incredibly well you deliver your "no -use" message regarding alcohol and other drugs. You blend your own personal stories with your expert juggling skills, making your message very powerful. One of the most frequent comments from our students is that they say you are able to hear your message about making healthy choices without delivering it in a "preachy" manner, and catch their attention right from the start.

As we go into planning for our next school year, "Last Call" is certainly on our agenda. We have enjoyed the performance so much over the years, that we would like to make it a regular staple of our alcohol and other drug prevention program.

We look forward to speaking with you shortly about booking another "Last Call" performance for our students. Hope you have an enjoyable summer.

Sincerely,

Christina Repp, ACSW
Student Assistance Counselor

John Hurley
Assistant Principal
