Dear Bill,

Thank you again for being one of the highlights of University of Maryland at College Park's Alcohol Awareness Week. The event was well attended and very well received. I am sure that the students took with them many valuable messages and have heard many positive comments about your performance. I have also passed on your contact information so that once your presentation addressing hazing is completed you can be invited back.

I appreciate the time you spent with our campus' newspaper and have enclosed a copy of the article for your files -- great photo of you!!! Please stay in touch. I have also enclosed by business card.

Warmly,
