Dear Mr. Ross:

On behalf of Our Lady of Victory, and our SADD club, I would like to extend our sincerest appreciation for your presentation on April 11, 2000. Your presentation, style, and information gave all of us something to truly think about, and even to wonder what it is that we can do to help lessen these problems with addiction in our own lives and the lives of those we love.

Your "style" was perfect. The entire student body, faculty, and staff were totally impressed with your performance. The manner in which you presented the material, and facts was wonderful. So many times teenagers don't get the message because they feel they are being "preached to," or spoken to in a condescending manner, but none of the girls I spoken with had those feelings. The girls themselves stopped me in the halls to tell me how much they enjoyed and learned from your performance. The fact that you so openly and honestly spoke of your life experiences really impressed them greatly. The faculty and staff were all very complimentary of your performance, and said that you were the best person they had seen or heard talk to the girls, and get the message across.

Thank you so much for taking time out of your busy schedule to come to Victory, we truly believe the girls understood what you were saying and took it to heart. Continued good luck to you and your organization, you are doing the world a tremendous service and deserve all the praise that comes your way.

Gratefully yours,

Mrs. Maryann Hoblock
SADD Moderator
