Dear Bill:

I'm writing to express my sincere thanks and gratitude for yet another outstanding set of programs you provided to our first year students this summer. The program is always a hit with our student leaders, but most importantly, our first year students find it entertaining, enjoyable and very informative. From my perspective, it is so important to have a program such as yours that keeps the students' attention and at the same time, provides invaluable information and lessons to them. The topic of alcohol and drug abuse coupled with physical violence is often very difficult to present to first year students. However, you do it with ease.

For these reasons, I can tell you we will continue to seek your services every summer, as we have for the past four years. It is always a pleasure to work with you and with Andree.

My staff and I look forward to welcoming you back to Siena during July 2000.

Sincerely,

Bill Sherman
