RE: Last Call

Dear Bill,

I just wanted to take a few minutes and say thank you for providing us with such a wonderful program during our New Student Orientation. To quote our Assistant Dean of Students, "I think that we have finally found it!!" For the last few years we have searched high and low for an Orientation program that will address the difficult issues of alcohol, drugs and sexual assault in an informative, but entertaining way. I have never failed to look out in the audience during such performances and see half of the heads nodded down and the others in deep conversation with their neighbors. This did NOT once happen during your production. The students were captivated by your juggling ability and left the theater discussing the issues that you had projected to them. I applaud you for your ability to present these issues in a non-judgmental, but frank way.

Thank you again for your assistance with our program. I look forward to working with you again next summer.

Sincerely,

Sherry Lynn Kardos
Director of Student Activities and Leadership Programs
